

McCune New Moose Governor In Ceremonies

The new governor, James D. McCune received the gavel from his predecessor Fred Lydy, junior past governor, during installation ceremonies at the Torrance Moose Lodge last Saturday.

Visiting Moose members from lodges in the Los Angeles area, and from a Loyal Order of Moose lodge in Chicago, were in the capacity audience witnessing the installation.

A ceremonial team directed by past governor Stanley Heiman and Mrs. Jack Koshak installed James D. McCune as governor; Garvis Coffey, junior governor; William Olson, prelate; Joe Marley, treasurer; James A. Evans, secretary; Mike Cicero, trustee; H. B. Casson, sergeant-at-arms; James Fitzgibbon, assistant sergeant-at-arms; Carter Dow, outer guard; Judd Morris, inner guard and Fred Lydy, junior past governor.

Governor McCune and the new Torrance Moose lodge officers were introduced to the other lodges of the southern California area at a South Central District meeting in Norwalk on Sunday.

Lodge members George Clay and Joseph Platt, and Women of the Moose chapter members Mrs. George Clay, Mrs. Joseph Platt, Mrs. Carter Dow and Mrs. James Evans also attended the district meeting.

Area's Top Disc Misses 'Hit Parade'

Juke box surveys to the contrary—the most listened to record in Southern California—about 280,000 "spins" a day—will never make the "Hit Parade."

The recording with the Pacific Telephone label features the velvet voice of an attractive brunette who lives in the heart of the molasses and magnolia country, Atlanta, Ga. She passes out the time-of-day to all who dial ULrich 3-1212, and is ready to shift to Daylight Saving time, Sunday, April 27 at 1 a.m. local manager R. S. Pyle said.

The voice which states the correct time every 10 seconds, 24 hours a day belongs to Mrs. Berrien "Mary" Moore Jr., mother of three and a Vassar College graduate. Last year 95 million persons called in for the time, which is checked for split-second accuracy every hour. Errors as small as 1/2 a second are corrected immediately.

One silver grey audichron machine serves the whole Southern California area from Ventura to San Diego and as far east as Palmdale. From the center of Los Angeles the voice is sent by telephone lines to each exchange where it is passed on to subscribers when they call in.

Twice a year the daily number of calls for the correct time takes a sharp rise. Adults re-set their alarm clocks and "Little Willy" calls on Monday morning to see if it is really time to leave for school.

2nd Torrance Night Slated At Big Show

Another Torrance Night at the Carthy Circle to view "Around the World in 80 Days" has been scheduled for Sunday evening, May 18, according to President O. R. Trueblood of the sponsoring Torrance Chamber of Commerce.

Chairman J. H. Paget said the second "Torrance Night" was the result of a great deal of public interest in attending the film classic.

Arrangements have again been made for round-trip bus transportation at 75 cents per person. Reserved tickets are now on sale at the Chamber of Commerce office, 1345 El Prado, Paget added. Show time is 7 to 10:10 p.m.

Other events are scheduled for coming months by the Chamber's special events committee including visits to "Torrance Night" at Los Angeles Dodgers game, film classics, and stage plays.

INSURED CHILDREN
More than 30 per cent of life insurance policy holders in the U. S. today are children under the age of 18.
